

## SENATE REACHES CLIMAX ON CONTEST OVER WAR TAX BILL

**Provisions for Five Per Cent Income Tax On Publishers Stricken Out**

### WAR PROFITS UP NEXT

Washington, Aug. 29.—The climax of the Senate's contest over the war tax bill was reached today by disposal of publishers' tax provisions and opening of the long-expected debate on war profits.

Outstanding developments today follow: Petitions for cloture signed by 56 senators to limit debate and force early passage of the bill were presented by Senator Simmons, in charge of the bill. A vote on cloture cannot be taken, under the rules before Friday.

Increase of the bill's war levy on war profits from \$562,000,000 to \$1,060,000,000 was proposed in amendments presented by Senator Simmons for a majority of the finance committee, designed as a compromise to prevent more material increase.

The senate made changes in the bill which, including the almost doubled levy on war profits proposed by the committee, would bring its total to \$2,522,470,000.

**Tax on Publishers Stricken Out** Provisions for a five per cent special income tax on publishers to raise \$7,500,000 was stricken out with a roll call.

In lieu of the house zone system for increasing second class postage rates by \$19,000,000 and the finance committee's substitute proposing a flat rate increase of quarter cent a pound, estimated to raise \$2,000,000, the senate by a vote of 40 to 35 substituted Senator McKellar's zone raise \$12,600,000 additional. An effort to strike out the section entirely and leave present postage rates unchanged will be made later.

The senate spent most of the day debating the publishers' provisions. Senator Stone, chairman of the foreign relations committee, attacked critics who have charged him with being a pro-German sympathizer and defended his attitude on war measures.

**Presents Amendments** Upon disposing of the publication feature, Senator Simmons presented the compromise committee amendments on war profits which, including present taxes would take \$1,285,000,000 of this year's profits, estimated between \$2,000,000,000 and \$4,000,000,000.

Tomorrow the war profits debates will get really under way with a speech by Senator Underwood in support of a new substitute by Senator Bankhead which would substantially increase the amount of the levy as now proposed by the committee.

**Will Dispose of Bill Next Week** Final disposition of the bill early next week is Senator Simmons' aim informally including cloture. Few senators, however, expect that it will be necessary for the senate to adopt or even vote on the cloture rule. Before seeking action on cloture, Senator Simmons hopes to secure unanimous consent to fix a date for a final vote on the bill.

Altho cloture would be vigorously contested by the so-called radicals on war profits taxation, the necessary two-thirds vote for its adoption is regarded as sure in the event an agreement is refused, the petitions filed today being barely short of that figure. If adopted the rule would give each senator but one hour to discuss the bill and all amendments.

Senate forces favoring even higher taxation of war profits than the compromise advances of the finance committee are lining up to support a flat levy of at least 50 per cent.

**New Proposals Made** The new Bankhead proposals would levy war taxes based upon capitalization, at the following graduated rates, after exemption of \$5,000 and 8 per cent. On profits of five per cent additional, five per cent; between five and ten per cent, ten per cent; between ten and fifteen per cent, twenty five per cent; between fifteen and twenty per cent, fifty per cent; and above twenty per cent a tax of seventy five per cent. The effort promised tomorrow by Senator Underwood, former house leader and financial expert, in the contest against the committee provision, was viewed with unusual interest by many senators because of its possible bearing upon future senate leadership.

### BELLEVILLE COMPANY TO INCREASE STOCK

SPRINGFIELD, Ill., Aug. 29.—The East St. Louis Interurban Water company, with plants at Belleville and other towns in St. Clair and Madison county, today filed with the Illinois state public utilities commission a petition for authority to make a million dollar issue of its 7 per cent preferred cumulative stock, and to retire \$315,000 worth of its 6 per cent preferred cumulative stock.

The petition said the company contemplated the issuance of only \$450,300 of stock at present.

## SOLDIERS' AND SAILORS' INSURANCE BEFORE HOUSE

**Bill Designed As Substitute for Pension System**

Change Made in Bill Reducing Maximum Amount of Insurance a Man May Take From \$14,000 to \$5,000—Chance of Bill Passing House This Week

Washington, Aug. 28.—The administration soldiers and sailors' insurance bill, designated as a substitute in the future for the present pension system, was favorably reported today by a house committee.

The principal change made in the bill by the committee was the reduction of the maximum amount of optional insurance a man may take from \$14,000 to \$5,000. Another amendment adopted provides that the allowance of a widow shall automatically cease upon re-marriage.

**Bill Will Pass House Soon** Chairman Adamson said tonight the bill would be reported tomorrow and possibly passed to the house this week. He anticipates opposition to the bill from the insurance companies and from the pension committees of both houses. The bill would provide allowances for dependents of men in the service, compensation for death and disability, optional insurance for officers and enlisted men, and educational and vocational training for honorably discharged men. Administration costs for the first and second years of the war are estimated at \$176,000,000 and \$230,000,000,000 respectively.

The optional insurance section of the bill around which the bitterest fight will wage contemplates the issuance to officers and men without distinction of policies ranging from \$1,000 to \$5,000 for the duration of the war or at an estimated cost of \$8 per \$1,000 to the policy holder. Insurance companies recently are said to have declined to assume such war risks for less than \$58 per \$1,000.

**Allotments for Dependents** Proposed allotments for dependents of men in the service range from \$5 a month upward to \$50, according to the number of dependents and their relationship to the man in service. A dependent wife with no children would receive \$15 a month; with one child \$25; two children \$32.50 and for each additional child \$5.

Upon death resulting from injuries, a widow would receive from \$26 to \$200 a month. Similar provision is made for widowed mothers. Allowance for disabilities incurred in the service would range from \$40 to \$200 a month.

## WILL SHIP FOODSTUFFS FROM SOUTHERN PORTS

**Planned as Government Measure to Relieve Congestions of Railroads and Ports in East.**

Washington, Aug. 29.—Diversion to gulf and south Atlantic ports of virtually all movement of foodstuffs destined for export to Europe is planned as a government war measure to relieve congestion of railroads and ports in the east.

The plan will be worked out by the shipping board in cooperation with shippers, ship owners and port authorities. The shipping board will name soon a general traffic director who will be put in charge of the program. It was said tonight that the place probably would go to Benjamin L. Winchell, of Chicago, now traffic director of the Union Pacific railroad.

The shipping board hopes to have the plan working by winter, before snows and bad weather have made trans-continental freight traffic still harder to move. Officials who have given the subject thought declare the proposal will add 25 or 30 per cent to the efficiency of American railroad systems.

## CRITICS OF GOVERNMENT CAUSE DISTURBANCES

NEW YORK, Aug. 29.—The most serious street disturbance this city has experienced since "soap box" oratory became an issue between the authorities and critics of the government occurred tonight at an open air meeting at 35th and Broadway of the Friends of Irish Freedom. Several men and women were arrested. The police had to fight their way thru a surging mob estimated at 5,000 to get their prisoners to the night court, where the uproar increased to such proportions that police reserves were summoned to disperse the mobs.

Stephen Johnson, organizer of the Friends of Irish Freedom, and John D. Moore, ex-secretary, were among those arrested.

## SOLDIERS ENTERTAINED.

New York, Aug. 29.—Nearly 30,000 officers and men who once made up the National Guard of New York but who are now designated the 27th Division, sat down to dinner tonight in armories and camps as guests of the city and later were entertained with patriotic speeches and theatrical performances.

## PRICE OF SILVER RISES

New York, Aug. 29.—The price of silver continues to move rapidly upward. Today bar silver was quoted at 89 1/2 cents an ounce, a rise of one cent since yesterday.

## ESTIMATES OF NAVY DEPARTMENT APPROVED

**Provides for Expenditure of \$350,000,000 for Destroyers**

Project to Combat German Submarines Will Be Laid Before Congress by Secretary Daniels—U. S. Will Have Strongest Destroyer Flotilla in World.

Washington, Aug. 29.—President Wilson today approved estimates of the navy department for the expenditure of an additional \$350,000,000 for new destroyers to combat German submarines. The project will be laid before congress immediately by Secretary Daniels.

Provision will be sought to expend \$225,000,000 of the total appropriation on construction or purchase and expansion of engine and ship-building plants to provide the facilities needed. The present construction building capacity of the country is fully engaged on contracts already given. To reach new labor centers where the skilled men can be found to do the work quickly, it is indicated, the new engine building plants proposed will be placed in the interior of the country.

**Number Not Made Public.** The department has never made public the number of destroyers now building or the additional number contemplated in the new project. It is known, however, that when vessels now under construction have all been completed, which will be during 1918, the navy will have a destroyer force comparable to that of any power, while the new project will give the U. S. the strongest destroyer flotilla in the world.

**Type Already Worked Out.** Navy designers have already worked out a standard type of destroyer on which the quantity production machinery proposed will be employed. The new boats probably will not differ materially from the latest 35-knot, oil-burning type ordered for the navy. The vessels will be better than any now in commission. They will be faster and more seaworthy and give more room for their crews. The new standardized designs, it is understood included recommendation as to equipment made by Vice-Admiral Sims and his officers, based on the actual experience of American destroyers in the North sea.

## MOSCOW CONFERENCE COMES TO CLOSE

**Premier Kerensky in Closing Remarks Says That Different Political Groups Have Shown Desire to Come to an Agreement.**

Moscow, Aug. 29.—Premier Kerensky, in closing the national conference here today, said that, altho the different political groups had criticized the provisional government, they had shown clearly a desire to arrive at an agreement.

"The provisional government," declared the premier, "will stand on guard over the revolution. It will suffer no counter-revolutionary attempts, for it is the incarnated will of the whole Russian people. It does not regret having convoked the conference at Moscow, which, altho it has not yielded practical results, has allowed all Russian citizens to say frankly what they think necessary for the state."

Premier Kerensky then spoke of the services rendered to the country by the revolutionary democracy, which, he observed, took power at a terrible moment in the life of the state.

"Whoever endeavors to wrest their conquests from the people," he concluded, "will never succeed for they have now become public property."

## PREMIER OF CANADA OFFERS RESIGNATION

OTTAWA, Ont., Aug. 29.—Sir Robert Borden, premier of Canada, offered his resignation to a caucus of his supporters in parliament today in favor of Sir George Foster, minister of trade and commerce. The caucus declined to accept the resignation and re-affirmed its confidence in the premier's leadership. Sir Robert was authorized to continue his efforts to reorganize the Government and bring into it representatives of all the elements in Canada favoring compulsory military service. The premier's campaign to bring to English speaking people of Canada so firmly together that the success of conscription would not be jeopardized by resistance of French Canadians Quebec caused party troubles that ended in his offer to resign.

## SECRETARY BAKER WILL PRESENT DIPLOMAS

WEST POINT, N. Y., Aug. 29.—Secretary Baker is expected to reach here tomorrow for the graduation of the class of 1918 at the U. S. Military academy. He will deliver the principal address and present the diplomas. The graduation ball, one of the most brilliant in the history of the academy was held tonight in the gymnasium.

The first man in the class is Cyril C. Courture of Iowa.

## WOMAN SUFFRAGE PARTY IN SESSION IN NEW YORK

Saratoga Springs, N. Y., Aug. 29.—Nearly all women in New York state have signed enrollment blanks signifying their desire to vote, according to figures submitted today to the state conference of the woman suffrage party.

A message from President Wilson in which he expressed his hope for a suffrage victory in New York state this year was received with applause at a mass meeting tonight.

## DISCUSS WILSON'S REPLY TO POPE'S PEACE PROPOSALS

**Entente Governments Were Unprepared For Prompt Fashion In Disposing Matter**

### REASON FOR ACTION

Washington, Aug. 29.—Discussion of President Wilson's rejection of the Pope's peace proposals in diplomatic circles today revealed that even some of the entente governments were unprepared for the prompt fashion in which the president disposed of a matter of such tremendous importance.

There had been no doubt as to the general nature of the reply and that the U. S. was generally looked upon as the nation to speak first, but some of the allied officers, accustomed to long-deliberated moves in diplomacy, regarded the exchanges that had been going on as barely completed.

It was realized, however, by the entente representatives, that President Wilson must have had some good reasons for acting so quickly. The president ascribes the motive to a desire to impress favorably the great Russian convention at Moscow while that body still is in a receptive state. It also was suggested that the president might have wished to anticipate obstructive action by the pacific elements in the U. S.

**No Answer Expected** No rejoinder from the vatican is expected here in the immediate future. Comment from the press of Europe is awaited with interest. Bitter attacks upon the American note by the German press and possibly condemnatory speeches by German officials are fully expected when the president's reply is finally allowed to leak thru the censors to the German public. But for the present, at least, no further attempts at peace negotiations on the old basis, involving a continuance in power of the present autocratic German regime, is anticipated.

**May Wage War Harder** While the Germans may wage war with added desperation because of the sweeping indictment of their methods, it is confidently believed here that the spirit of revolt will develop steadily and speedily among the people of Germany, bringing nearer the day when they will assert themselves to the point where President Wilson may feel safe in listening to peace overtures in the conviction that they are from German people themselves and not from the military despots.

President Wilson realizes the force of the objection that has come from some quarters to what might be regarded as a disposition on his part to impose a form of government on Germany. It can be stated that nothing was further from his thought than such a disposition. He meant just what he said in the note, that the word of the present autocratic rulers of Germany cannot be taken for anything that is to endure unless supported by the will of the German people themselves. As to whether Germany has an imperial or a republican form of government, it is conceded that the remainder of the world has nothing to do.

**Struggle Being Watched** The struggle for parliamentary reform is being watched with the keenest interest and while it was stated at the state department that no official advice as yet are at hand regarding developments, it would not be a matter of surprise if there were some sudden and important manifestations of the popular will in Germany. Signs of such an outcome are found in the half way efforts of Premier Michaelis to meet the demands of the reichstag committee by his projected cabinet, representative of the more powerful political parties in Germany and certainly a long step in the direction of parliamentary control of the government.

The German-Armenian negotiations are believed to be on the part of Germany, are viewed officially here as another evidence of the weakening of Germany's aggressive policies, and to that extent as perhaps designed to mollify the United States government as well as neutral maritime nations, and so to afford a fresh basis for peace negotiations.

When the response to Pope Benedict's proposal will go forward from the allied governments is unknown to the state department which is yet without official information that its own communication has reached the vatican.

Approval of the president's note was expressed generally at the capital today by members of all parties. There was no discussion of it on the floor of either house.

## FORMER GOVERNOR GENERAL OF CANADA DEAD

LONDON, Aug. 29.—Earl Gray, former governor-general of Canada, died at six o'clock this morning at Howick House, Northumberland, after a long illness.

## MILITARY PREFERMENT IN NATIONAL ARMY RANKS

**Awaits Many of the Men At Camp Grant**

Opinion Expressed by General Staff Officers Who Have Been Considering the Organization of Forces—Major General Barry Comments on Subject.

Rockford, Ill., Aug. 29.—Military preferment in the national army ranks awaits many of the men now at Camp Grant, in the opinion of the general staff officers who have been considering the organization of the forces.

"I expect to see men in the ranks excel many of the commissioned officers now in the cantonment in the race for promotion," Major General Thomas H. Barry said tonight. "As far as possible the men selected in each community will be held together here and ability will be recommended instantly. Regimental commanders will retain a complete file of identification cards to be filled out by each officer and enlisted man with personal details of his life. Men will be selected for the various branches of the service with an eye to their experience and fitness."

**Military Competition Open** Military competition also was thrown open thru the post organization, which practically divides all forces in the training camp between a complete division and provisional unit in the depot brigade. The latter troops will be used to fill any army need and regiments or single companies may be ordered into foreign or domestic service before or after the division is ordered out as a whole.

Announcement was made today that one negro regiment probably will be trained here, arriving with the last quota.

A total of 1,230 reserve officers had reported for duty at 5 o'clock this afternoon. Graduate members of each provisional training company were held together to officer various regiments. Officers were ordered to quarters for the night.

"We will all keep one foot on base," the commander said. "I do not expect to leave the reservation except on Saturdays, when we stop work at noon and report for duty again at retreat on Sunday. This program applies to both officers and men."

## 100,000 CANADIANS WILL BE CONSCRIPTED

**Measure Becomes Law When Justice Eduff Signs Bill in Absence of the Governor-General.**

Ottawa, Ont., Aug. 29.—Conscription became law in Canada today when Justice Eduff, of the supreme court, acting for the governor general, gave royal assent to the measure.

The bill, for the purpose of raising 100,000 men to reinforce the Canadian divisions fighting at the front, all Canadians between 20 and 45 years may be called.

It is expected the first class, consisting of all unmarried Canadians between 20 and 34 years will be called soon and that this class will provide the required 100,000.

After assent had been given, Premier Borden, speaking in the house of commons asked Sir Wilfrid Laurier to co-operate with him in naming a board of selection to choose local tribunals to deal with applications for exemption.

Sir Wilfrid replied in terms that he regarded as significant in view of his opposition to conscription and that of the French Canadians of Quebec. He said he would agree to the request of the prime minister, adding "as the bill is now law it was the duty of all loyal subjects to see it carried out harmoniously."

## VERDUN HEROES PARADE BEFORE POINCARÉ

GRAND HEADQUARTERS of the French Army in France, Aug. 29.—(By the Associated Press)—Raged and mud-covered heroes of Verdun victory, comprising delegates from all the regiments which participated in the brilliant advance of the French troops, today passed in review before President Poincaré and General Petain, the commander-in-chief, while hundreds of guns thundered nearby.

Torrents of rain and a tempestuous wind only served to render the scene more impressive as tattered regimental flags were unfurled and bands played "The Marseillaise."

General De Fonclaire received the decoration of Grand Officer of the Legion of Honor and Generals Francatte and Martin, commandership, while hundreds of officers and men were awarded the war cross or medals.

## SOCIALISTS END TWO DAY CONFERENCE

LONDON, Aug. 29.—The so-called inter-allied socialist conference concluded a two-day session this evening. It failed to reach unanimity of opinion on the Stockholm conference for peace. The U. S. was not represented. Delegates from pacifist bodies were in the majority. The trades union congress, representing the bulk of British labor, had only eight delegates in attendance and the labor party twelve.

## ADJOURN AFTER SHORT SESSION

Austin, Tex., Aug. 29.—After a short session this morning the senate adjourned the high court for the trial of Governor James E. Ferguson on impeachment charges until ten o'clock tomorrow morning.

## ABANDON HOPE OF ARGENTINA SUPPORTING ALLIES IN GREAT WAR

## DIRECTORS OF NATIONAL COAL ASSOCIATION MEET

**Discuss Government Control of Their Industry**

Unable to Agree Whether They Will Accept Without Protest Scale of Prices Fixed By President Wilson

Washington, Aug. 29.—Directors of the National Coal association, meeting here to discuss government control of their industry, were unable today to agree as to whether they will accept without protest the scale of prices fixed for their product by President Wilson.

Two distinctive factions, it is said, have developed in the association, one willing to accept the situation and the other anxious to fight the government in the courts. Those showing opposition are representing largely owners of small mines, whose costs of production are high.

**Agree They Are Helpless** The operators counselling acceptance of the government-fixed prices argue that they are helpless because of the provision in the food control bill giving the president power to take over and operate the mines if producers fail to comply with the price regulations. The others, however, point to the provision of the bill requiring the government to name just prices and declare the scale fixed will drive many producers out of business.

When today's meeting adjourned it was announced that the operators would have a definite announcement to make tomorrow. The possibility that the operators will suggest a change in the government's program to provide for selling pools by districts, was heard again today.

Advocates of this arrangement declare it would not raise to an appreciable extent the prices named by the president but would assure every producer a fair and equitable margin of profit.

**Will Lose Money** Alabama bituminous operators submitted to the federal trade commission during the day cost of production figures purporting to show they will sell coal at a loss under the price scale just fixed. They asked for at least an increase of fifty cents per ton over the prices allowed producers in Alabama.

M. W. Bush, of Birmingham, spokesman for the producers, asked that the price scale be so readjusted that mine owners may give an immediate wage increase to their employees. At the prices in effect the operators, he said, cannot meet wage demands they had intended granting on September 1.

Mr. Bush conceded that the coal industry is in a demoralized condition and said it was fortunate for the country that the government had assumed control.

## NEGRO RIOTERS TO BE PLACED ON TRIAL

**Soldiers of Twenty-Fourth United States Infantry Taken to Fort Bliss to Face Charges**

El Paso, Texas, Aug. 29.—One hundred and fifty six negro soldiers of the Twenty Fourth United States infantry, brought here today from Columbus, N. M., and placed in the military stockade at Fort Bliss, will in all probability receive trial by court martial here, military authorities said tonight. It was said the negroes, or most of them, would face charges of mutiny in time of war, an offense which might be punished by death, in consequence of the rioting last week at Houston.

Against thirty four, charges of murder have been preferred in indictments returned at Houston as a result of the killing of seventeen in the disorders there.

Officers explained the court martial would be held here in the belief that it would be undesirable to take the negroes to Houston for trial.

## HAVE NOT DECIDED ON CONVENTION CITY

MINNEAPOLIS, Aug. 29.—Where the People's Council of America for Democracy and Peace, barred from Minnesota, will hold its convention to discuss peace, had not been definitely decided upon tonight.

Fargo, N. D., probably will be the scene of the peace council according to W. E. Williams, publicity director of the council, who said a telegram had been received at the organizations headquarters here from Governor Frazier of North Dakota, saying the meeting could not be held in this state.

## WILL TAKE ENTIRE CONTROL OF FOOD

London, August 29.—Lord Rhonda, food controller, has decided to take over gradually control of the entire provision trade in the British Isles. Regarding the supply of tea, concerning which there have been alarmist reports, the food ministry today announced that "there is no present cause for alarm, altho all possible economy is desirable."

## Germany Satisfies Buenos Aires Foreign Office In Connection With Sinking Of Vessels

**Germany Satisfies Buenos Aires Foreign Office In Connection With Sinking Of Vessels**

Washington, Aug. 29.—Any hope felt here that Argentina would support the allied nations in their war against Germany virtually has been abandoned, as a result of the German government's success in satisfying the demands of the Buenos Aires foreign office in connection with the sinking of the little Argentine sailing craft Toro.

## ACTION NO SURPRISE

Germany's agreement to pay indemnities for ships sunk and promise not to destroy other ships under the Argentine flag caused Secretary Lansing to point out today that the imperial government had made a greater promise to the United States and then had broken her word.

**Examination of Facts** Examination of the facts indicate, however, that Germany will not be embarrassed in keeping this latest promise because Argentina has no mercantile marine engaged in trans-Atlantic trade. The whole controversy has impressed some officials here as hollow, and its result is viewed as a point scored by Germany. Its only effect will be to insure the neutrality of the South American country whose importance is exceeded by none, unless it be Brazil.

The outcome has created no great surprise here. Since Brazil and a few other South American nations aligned themselves against the methods of Germany, agents of the Kaiser are known to have been unceasing in their activities in Buenos Aires. Captain von Papan, former military attaché here, whose withdrawal was requested because of his unneutral acts, now is at the Argentine capital where he is said to be directing his country's propaganda.

**German Money Transferred** It became known today that a large part of the German money that was in American banks at the beginning of America's war with Germany has been transferred to Argentine banks. Most of this money is merely held on account.

Argentina's position may prove an embarrassment to Brazil, which country is at war, altho no declaration of the fact has been made. Her fleet is patrolling the South Atlantic in cooperation with the American fleet and her mercantile ships are being protected in their trans-Atlantic voyages in the same way as are American ships. It is regarded possible that the presence of active German agents in an adjoining country might interfere with her program.

Much interest is felt here in the manner in which the people of Argentina will regard their government's attitude. There has developed among a large part of the people of the country a wide-spread pro-ally sentiment.

## CHARGED WITH RECEIVING STOLEN PROPERTIES

**Testimony Presented Before Federal Grand Jury Involving East St. Louis Business Men**

East St. Louis, Aug. 29.—Testimony will be presented Thursday before the federal grand jury in Danville, Illinois, involving several business men of East St. Louis in charges of receiving stolen properties.

These charges will be presented as the result of the arrest of more than twelve men as members and accessories of an alleged gang of car thieves. It is estimated that merchandise valued at \$30,000 has been stolen from cars in the East St. Louis yards.

The investigation has been under way for a month by federal officials. Among the commodities stolen were tobacco, cigarettes, coal and feed.

## METHODIST CONFERENCE OPENS IN PEORIA

## TELLING CONGRESS THE FACTS

The threats of various Republican members of the house to oppose further congressional appropriations for loans to the allies resulted in a frank statement from Secy. McAdoo giving the facts about moneys already appropriated and the transfer of the funds. The request of the Republicans was only reasonable. The congressmen should not be expected to keep on voting these huge sums for the relief of the allies without knowing the facts, and Mr. McAdoo increased the cordial relationships by his quick response.

It is not a time for the criticism of public officials or for obstacles to be placed in the way of war work. The Republicans have taken the right course also in their insistence that the larger part of the sums advanced to the allies shall be spent in the U. S.

## KEEP THE CHILDREN IN SCHOOL

Commissioner of Education P. P. Claxton has issued a circular letter addressed to school officials throughout the country and to the press urging upon the public the advisability of keeping school attendance at normal figures. Reports have indicated that there is just as much tendency for boys and young men to leave the high schools for work positions now as is true of the colleges and universities. The very active industrial conditions offer unusual opportunities for both boys and girls to secure employment at attractive wages.

Parents are urged to consider the fact that because of the possibilities of the future this is a time when their children should be kept in school. The times demand greater efficiency and preparation for life work. If the ranks of high school students are thinned now and the war continues for a period of years there will be a lack later on of those qualified by education for various positions in doing work needed for the welfare of the country.

## OBSERVE THE TRAFFIC ORDINANCES.

The stories vary as to the cause of the accident whereby a woman was struck down by an automobile last night, receiving injuries from which she died a few hours later. The indications are, however, that failure to obey the provision of the traffic ordinance was at least in part responsible for the happening. The ordinance provides that when an automobile driver approaches a street car that has stopped to take on passengers or let them off, that the automobile must stop until the car is again in motion. There are frequent infractions of this ordinance. When automobile drivers are on the opposite side to the street car entrance they seem to feel that there is no danger of running down passengers, overlooking the fact that a passenger may walk around the front of the street car and thus move directly into the pathway of the automobile. Last night's accident sounds a note of warning. Autoists should observe the provisions of the traffic ordinance referred to strictly. If they do not observe them arrest and proper punishment should be certain.

## UNNECESSARY LOSSES.

Now that economy and conservation are such daily themes for consideration, there are frequent references to the economic losses caused by dogs. In the past dogs have been regarded largely as a sentimental basis but in war times ideas change. The following taken from a western paper, gives the figures to show that the value of foodstuffs consumed by dogs runs to an enormous sum.

"The dog is coming in for close scrutiny from the economic viewpoint. It seems inhospitable, to say the least, to count the value of devotion in dollars and cents, and 'man's best friend' has always heretofore been regarded on a sentimental basis, but war is war, and there is a growing inclination to investigate."

"It is estimated by the Manufacturers' Record that there are 25,000,000 dogs in the United States. As a source of revenue they would produce \$50,000,000 if taxed at the rate of \$2 a head, provided the owners of a lot of worthless curs did not kill them rather than pay the tax. The same writer estimates that the average dog consumes food worth 70 cents every week. Authority for this figure is not given, but the argument that much of the food a dog eats would not be consumed by humans in any event can be anticipated with the statement that if it were fed to other animals, such as pigs and poultry, it would be converted into food supply for the people. Seventy cents a week for each of 25,000,000 dogs means \$910,000,000 a year, which would feed a good many children in Belgium and Poland and Armenia. Perhaps the figure is too high; in any event the amount is very large."

## HONORS FOR MORGAN COUNTY SOLDIERS

Women representing the churches of Jacksonville have planned for a supper in honor of Morgan county

soldiers Sept. 4. The joint committee of citizens is arranging for some program in honor of the men Sept. 5. It seems that it would be well if these two programs could be fused into one and no doubt the committees can by conference readily work out such a plan. It has been suggested that a program of music and addresses might be given in a church or hall and then that a parade might form and move to the Y. M. C. A. building, where it is proposed to serve the dinner. This idea has merit in it and the parade feature especially will find general approval, for in this way at least, everybody can join in the demonstration in honor of the men who are to be the first to represent the county in the army service.

Another reason that a point observance is more desirable is in the fact that the local board now has orders to make no further plans for mobilization until the wishes of the department are known. This means that it is uncertain just what day any of the Morgan county soldiers will start for camp and the number is uncertain. Sept. 5 is mobilization day and will be observed generally throughout the country without reference to the particular day or hour on which the first troops will leave. President Wilson is to head the parade in Washington on that day and all over the country there will be notable observances. By prompt action now the several committees here can arrange for a Sept. 5 program which will be worthy of the men and of the community.

## WHAT GENERAL

## VON STEIN THINKS

(From the San Francisco Bulletin)  
"Everyone," says the Prussian war minister, "should possess confidence in the future greatness of Germany." Many people already possess such a confidence, based on the belief that before long the Germans will unsaddle the Imperial swashbucklers who have been riding Germany, and civilization with her, to ruin. But the Germans themselves may well receive Gen. von Stein's advice with ironic laughter. It would be easy enough to have confidence in the future greatness of Germany if one were a member of her governing caste, respected, comfortable, warm and safe certain, in the natural course of events to live out the war. But people must look at it differently if the chances are that next spring will see them starved, maimed, or hidden under 6 feet of trench mud. If ministers and emperors talk glibly of drowning whole nations in blood it is because they do not expect that they themselves will be required to give their hands as a little finger. What the world wants to know is, not what Gen. von Stein now thinks about the duration of the war and the future greatness of Germany, but what he would think if it were to be his lot to precede the next doomed swarm of "storm troops" in their rush at the English trenches.

## RAILROAD PRESIDENT SEES NO TRAFFIC CONGESTION

In these days when there is so much talk of freight congestion and shortage of cars it is refreshing to read the statement of a railroad president who takes the optimistic view that there will be no serious trouble this winter in movement of freight. Such is the position of Charles H. Markham, president of the Illinois Central railroad. Mr. Markham has the facts to sustain this rosy view, because the increased efficiency of employees, quicker loading and unloading of cars and loading cars to capacity have helped marvelously in relieving the car shortage.

Speaking for the Illinois Central road, President Markham said that under the methods now used a car averages forty miles a day instead of thirty, the former record. This means that this great railroad has practically increased the equipment by thirty three per cent. The same plan has been followed by other railroads and with like results. The public will read Mr. Markham's declaration with pleasure. While it is entirely advisable for the public to be constantly urged along the paths of preparedness, the cry of shortage of various supplies and the inability of the railroads to move those supplies has almost become a habit with some public men.

Incidentally this clamor has been used as the basis for increasing the

prices of necessities. If other railroad presidents will follow Mr. Markham's lead in their statements they will help not only to allay public fears but to hold down prices on necessities.

## COUNTY AGENT

## A POSSIBILITY NOW

One of the provisions of the food production act which became a law Aug. 10 is that the staff of county agricultural agents shall be increased until at least one agent is established in practically every agricultural county in the U. S. These agents will co-operate with the national agricultural department and with the state colleges. In addition there will be women county agents for demonstration work in home economics in rural communities and similar agents in towns and cities. The full text of the law has not been received in Jacksonville but as soon as possible local persons interested in the highest agricultural development of this county should learn the facts and start movement to secure an agent here for 1918.

Several times in the past movements have been started to secure a county agent here. In one instance a proposal was made by the Morgan County Farmers' club and a list of farm owners was secured who would be willing to pay a few cents per acre toward the salary and expenses of such an agent. However, the plan was not pushed vigorously and no action was taken. It is understood that the new law provides for liberal federal aid in this work, and further there has been some change in the state law which provides for more state financial aid in agricultural work than in the past. This is a time when every acre should be made to produce all that is possible. This will mean profit for the land owner and will be in the line of patriotic duty. If this question is taken up vigorously now it is quite probable that something can be accomplished for the crop season of 1918.

Rippling Rhymes  
By WALT MASON

## TRUE OPTIMISM

I had a brand new suit of rags—the sort of which a fellow brags—the smoothest on this hemisphere; they cost the savings of a year. "With these glad duds of mine," I cried, "I'll be the hamlet's boast and pride." And as I walked, two miles from town, a large wet rain came slopping down. The lightning flashed, the thunder yelled, no sign of shelter I beheld, and dripping water like a load, I toiled along the muddy road. "This rain," I said, with gorgeous smile, "is surely strictly worth the while. What though it spoils my Sunday duds? It's bound to save the crop of spuds; the meadows will be loosened now, so husbandmen may wield the plow; the pastures, that were burning brown, will drink this water coming down, and grass will grow to beat Sam Hill, and hungry cows will have their fill. The suit I wear looks rather punk; the color's run, the stuff has shrunk; but who would mourn his hand-me-downs, when all the thirsty country-dwells, in cool, uplifting, wholesome rain, in water that is safe and sane? My rags are spoiled, I'll get some more, if I can work the Blue Front store."

## DRAFTED MEN HONORED BY KNIGHTS OF COLUMBUS

Four members of Jacksonville Council No. 868, Knights of Columbus, were guests of honor at a luncheon and smoker given at K. C. hall Tuesday evening. John W. Merrigan was toastmaster. He was introduced by John J. Ferry, the grand knight, and then brief addresses were made by J. P. Meany, Maurice Walsh, W. P. Lonergan and Francis Purcell, the men who have been accepted for service. Talks were made also by R. E. Harmon, John M. Butler, Leo Flood, Michael McGinnis, Oliver Cain, J. C. Lukeman, Anton Graef, John Clancy, Carl Coakley, L. E. Bentley and Frank Wigginst.

## BOOKS FOR THE SCHOOLS ARRIVE AT LIBRARY

The audience room at the Jacksonville Public Library is a busy place, with five hundred volumes for the new school libraries in process of cataloging and classification. Long tables have been improvised to hold the books and much of the preliminary work has already been done.

As mentioned before, each grade in the city will have a small library from which the pupils may obtain books. The school authorities have agreed to furnish quarters and transportation. The books have been published from the library funds and the librarian and staff will maintain a supervision over the project and will assist the teachers of each room in beginning the enterprise. The staff is hard at work cataloging and the volumes will no doubt be ready by the time the school work of the year is well begun.

## MOBILIZATION PLANS HALTED BY NEW ORDER

Local Board Advised That New Instructions Will Be Issued Soon from Adjutant General's Office.

The instructions received recently by the local exemption board with reference to the movement of soldiers to training camps were superseded yesterday by another telegram received by Chairman Miller Weir. This telegram was from Adjutant General Dickson and instructed the local board to take no further steps until new orders were issued. The telegram went on to say that the adjutant general and representatives of the American Railway association are working out a plan of routing the contingents from the various local boards and that the details of this plan will be forwarded in ample time to permit the assembling and movement of the first five per cent of county quotas.

Previous instructions had indicated that five per cent of the quota would be sent forward beginning with Sept. 5, forty per cent beginning Sept. 19, forty per cent beginning Oct. 3, and the remaining 15 per cent as soon thereafter as practicable. The telegram of yesterday will result in the local board simply postponing all mobilization plans until the receipt of later instructions.

The purpose of the department in calling five per cent to the camps is to form a skeleton organization to assist in receiving and assimilating the larger contingents. Local boards may use their discretion in choosing five per cent, altho the department would like men of military experience or cooks included in the number.

## FARM NOTES.

J. W. Breckon of Palmyra is making a brief visit in Jacksonville. Since he became a resident of Macoupin county Mr. Breckon with his son Lester has engaged in farming. They are now operating 380 acres of land and are feeding 50 head of cattle and 100 hogs. They shipped a car each of hogs and cattle in July. Askeg about crops in his locality Mr. Breckon said yesterday that the outlook was favorable. On the Breckon farm the wheat yield was about 25 bushels to the acre and 70 acres in corn promises an excellent yield.

Mr. Breckon considers the times very favorable for farming and his opinion is that the stock business offers more certainty of good prices for a period of years than is true of corn and wheat. Therefore he expects to continue his present plan of both grain and livestock farming with the belief that the returns will be better than would be true if he turned his attention simply to grain. The temptation is when prices are high for farmers to plow up their pasture lands and plant them to grain and thus reduce the amount of their livestock. The opinion of Mr. Breckon on this question is borne out in the judgment of many successful farmers.

## CAFE IS CLOSED.

Herman Marunga, who has for some months past been operating the Atlantic Cafe in the Cassell building at the west side of the square, has closed out his business and left the city. It is understood that Mr. and Mrs. Marunga left on the 9:45 Wash train Tuesday evening and presumably went to St. Louis, their former home. The business had not been successful and it is understood that Mr. Marunga left without giving notice of his plans to employees or others.

## EMERGENCY LEAGUE WORK.

Mrs. Grace Wilbur Trout and Carlton Ketchum will be in Jacksonville Friday to meet women from this congressional district and discuss the work of the emergency league. Mrs. Trout is an officer of the league and Mr. Ketchum is directing the organization work. As mentioned, the league is conducting a registration of women throughout the country, listing the names of women and indicating some kinds of war aid work they feel best fitted to do.

Local women have arranged for a luncheon at the Peacock Inn Friday at 12:30 in honor of the visitors and plans will be discussed at that time.

## RETURN TO CHICAGO

Mrs. F. E. Decker and daughters, Catherine and Helen who were called here by the death of Homer Ragsdale, brother of Mrs. Decker, have returned to their home in Chicago. Mrs. B. F. Ragsdale accompanied her daughter's family to the city and will make a visit there.

### COOKS AND BAKERS NEEDED IN NAVY

Urgent Call Is Sent Out for Enlistment of Men Qualified for This Work

The Journal has received an urgent request from H. C. Ridgely in charge of the recruiting station in Peoria to publish the following notice, which indicates how urgent is the need for cooks and bakers in the navy department:

The Navy Department is sending out urgent calls to all Recruiting Stations thruout the country calling attention to the urgent need for cooks and bakers at this particular time.

The need for cooks and bakers is felt very much and there is an opportunity for all patriotic young men between the ages of 18 and 35 inclusive, who have a knowledge of cooking or baking to serve their country at this time.

Cooks may be enlisted as Ship's Cooks 4th class with pay at \$35.00 to commence with, and bakers may be enlisted as Bakers 2nd class with pay at \$46.50 per month if well qualified.

Friendly aliens, who have taken out their first papers, if well qualified, may be enrolled in the branches mentioned above.

As an added inducement, men enlisting or enrolling in these branches can be sure of active duty immediately, or in a very short time.

Any applicant for these branches can receive full information concerning same by applying at any of the Recruiting Stations in the Peoria Recruiting District, as shown below:

### LEO SUITER NOW IN OLD FRENCH TOWN

Jacksonville Lad with Troops Abroad Says French People Extend Every Courtesy.

Mr. and Mrs. John B. Suiter have received another letter from their son, Leo Suiter who is with the American Expeditionary Squadron in France. The young soldier is well pleased with being in the service and the spirit he displays is truly American. The letter follows:

Issoudun, France, Aug. 4, 1917.

Dear Parents:

We arrived safely in France. I am well with the exception of some dental work which I did not get finished in New York, but am going to have it attended to here at my first opportunity. We are in a town which is about nine hundred years old. The streets run every way, up hill and down. The streets are all cobblestone and no sidewalks. The buildings are right on the street and are odd looking ones. They are built either of brick or stone with tile roofs.

I have no regret at being in the service and I am going to make the most of it. I hope you are both getting along all right. We are having a great time trying to learn to talk French. The people over here are very courteous and are willing to help us in any way they can.

My address is, Leo Suiter, American Expeditionary Force, 29th Provisional Squadron, Issoudun, France.

## TONNAGE SUNK LAST WEEK INCREASES

LONDON, Aug. 29.—An increase in the number of British vessels sunk last week by mines or submarines is shown by the weekly admiralty statement issued tonight. Eighteen vessels of more than 1,600 tons were sent to the bottom, as compared with 15 the previous week, and five vessels of less than 1,600 tons, as against three the previous week. No fishing vessels were sunk.

**Italian Losses**  
Rome, Aug. 29.—Italian merchant marine losses for the week ending August 26 comprised one large steamer, two small steamers and two small sailing vessels. One steamer was unsuccessfully attacked.

## EXEMPTION BOARD

## MEMBER REMOVED

RUSSELLVILLE, Ky., Aug. 29.—Sheriff J. S. Taylor of Logan county, recently removed by Governor Stanley as a member of the county exemption board, was held to the federal grand jury today under \$5,000 bond by U. S. Commissioner G. S. Hardy, on the charge of conspiracy to violate the conscription act. Five witnesses testified they had been given promises of exemption by Taylor if they would vote in the primaries on August 4 as directed by Taylor.

## BRITISH RECRUITING

## OFFICE ENLISTS MANY

CHICAGO, Aug. 29.—Colonel John S. Dennis, commanding the western division of the British recruiting station, said today that sufficient Canadians and Britons had enlisted since the recruiting of England's subjects in the United States began to make more than six full battalions, and that work now under way were augmenting the number at the rate of five hundred a week.

"It should be a thousand a week," he said.

## REVOLUTION PLOTTER

## RELEASED ON BOND

CHICAGO, Aug. 29.—G. P. Boehm arrested in Indiana a month ago, was brought to Chicago today, arraigned and released under \$10,000 bonds. Boehm was indicted with fourteen other persons, Hindus and Germans, charged with plotting to incite a revolution in India. The plot is alleged to have been started and financed by German agencies in Chicago.

## VALUE OF GOLD AND SILVER PRODUCTION

Washington, Aug. 29.—Gold and silver to the value of \$141,543,300 were produced during the calendar year of 1916 in the United States including Alaska. Figures made public today show a gold production valued at \$92,590,300. Gold was produced in twenty-one states and silver in twenty-four.

## KEEP FIRES FROM SPREADING

MISSOULA, Mont., Aug. 29.—Fire fighting forces were concentrated today on fires raging in the Lola forest to prevent them from spreading to Lola hot springs. Forest service officials said today it would be impossible to keep the fires in this section within bounds in case a wind came up. In other sections the situation was less menacing.

## WAR NEWS SUMMARIZED

The disaffection in the Russian army which resulted in the forced evacuation of the greater part of Galicia and Bukovina by still loyal troops apparently has not been eradicated, altho a stiffening in the Russian defense in Galicia, Bukovina and Roumania recently had indicated that the Russians were to make no more voluntary retrograde movements.

Following Tuesday's report of the falling back by the Russians in eastern Bukovina toward the Bessarabian frontier comes the news that, disloyal to their colors, the Russians in southern Moldavia, from Fokshani northward, have quit their trenches and fled in disorder. The enemy, by reason of this disaffection, has materially bettered his positions for an advance eastward, and at last accounts was continuing to develop his success.

The Berlin war office says the Russians have suffered heavily in men killed or wounded and have lost more than 1,000 men made prisoner and three guns and fifty machine guns.

In addition they have given up splendid vantage points guarding the approaches to the Sereth river, the crossing of which by the enemy, taken in connection with an invasion of Moldavia from Bukovina, undoubtedly would result in disaster to all Moldavia and also prove a valuable asset for a Teutonic advance toward Russian territory north of the bend in the Danube.

Meanwhile M. Kerensky, the Russian premier has reiterated to the closing session of the conference at Moscow the determination of the provisional government to protect the results achieved by the revolution and declared that no counter-revolutionary attempts will be countenanced.

A continuation of the stormy weather is still holding up major operations in France and Belgium.

Hard fighting is in progress between the Italians and Austrians on the Biassizza plateau and on the heights around Gorizia.

In the former sector the Austrians are defending tenaciously a powerfully fortified line to which the Italians have come within striking distance. More than 1,000 additional prisoners and numbers of machine guns have been taken by the Italians.

## DANES INDORSE WILSON'S

## REPLY TO POPE

## COUNCIL BLUFFS, Ia., Aug. 29.

The national convention of the United Danish Societies of America today unanimously adopted and wired to President Wilson a resolution endorsing his answer to the Pope's peace plea. The resolution says:

"We reaffirm our devotion to the principles of American democracy. We glory in its achievements of the past. We sanction heartily the unselfish sacrifice to which our country stands committed in the cause of the welfare of all mankind. We indorse the sentiments expressed in the note of our government sent to the Pope today in giving to the world the true interpretation of the purposes of the United States in this war. We admire your lofty, high-minded attitude throughout the crucifying trials to which you, as our president, have been subjected during the present world conflict."

## U. S. TO ORGANIZE

## "CAMOUFLAGE" UNIT

WASHINGTON, Aug. 29.—For the first American "camouflage" unit, the army chief of engineers today issued a call for enlistment of "ingenious young men who are looking for special entertainment in the way of fooling Germans." It is planned to organize a company of camouflagers largely from among iron and sheet metal workers, sign and scene painters, carpenters, cabinet makers, stage carpenters, property men, plaster moulers and photographers.

These men will devote their wits to devising artificial means of deceiving enemy observers, particularly aviators, says a war department announcement. The literal meaning of camouflage, a French music hall term is "faking."

Applicants are asked to communicate with the chief of engineers, war department.

## RECENT RAINS HELP

## ILLINOIS CROPS

SPRINGFIELD, Ill., Aug. 29.—Fair to good rains fell in Illinois during the week ending Tuesday, Aug. 28, except in the northern part of the state where drought is affecting corn, pastures, potatoes and truck, according to the report of the weather bureau issued here today.

"Elsewhere," the report says, "growing crops are doing well, but need warm weather."

"Rains delayed threshing in central counties, but it is mostly completed."

"Considerable plowing has been done."

## CONTRACT AWARDED FOR

## PIKE COUNTY ROAD

SPRINGFIELD, Ill., Aug. 29.—The work of building a 7,000 foot strip of macadam road in Pike county near Griggsville was awarded here today to the Byis-Olsen company of St. Joseph, Mo., by the State Highway Commission. The Byis-Olsen bid, which was the lowest, was \$14,438.46, which is \$2,000 lower than the estimate made of the work by a state engineer.

Several other contracts were awarded today by the highway department, the Pike county bid being by far the largest piece of work awarded.

## RED CROSS MEMBERSHIP

## REACHES 3,500,000

Washington, Aug. 29.—Membership of the American Red Cross has reached the 3,500,000 mark and is increasing at the rate of 25,000 to 100,000 a day, according to a headquarters announcement today. At the beginning of the year the total was 275,000.

## MRS. HETTICK CRUSHED BY AUTOMOBILE

## WOMAN INJURED IN ACCIDENT WEDNESDAY NIGHT DIED FEW HOURS LATER.

After Alighting from Street Car Was Run Over by Ford Auto Driven by Roy Sayre—Skull Was Fractured and Death Resulted at 1:40 O'Clock This Morning.

Mrs. Evelyn Hettick of 1324 South Main street was severely injured about 8 o'clock Wednesday night when she was run down by a car driven by Roy Sayre. Mrs. Hettick was taken to Passavant Hospital but never regained consciousness and died at 1:40 o'clock this morning.

The accident occurred at the switch of the Jacksonville Railway company in South Main street opposite the rear entrance to Jacksonville State Hospital as Mrs. Hettick was alighting from south bound street car No. 35 in charge of Motorman Moss.

Several persons witnessed the accident and rushed to the car after it stopped. Ordain Fox and Howard Fowler assisted by others pulled Mrs. Hettick from under the car. This was done with difficulty as her clothing had become entangled in the speedometer wheel.

The injured woman was removed to the grocery store of W. D. Richards 1318 South Main street. Dr. C. C. Atherton and Dr. T. G. McLin of Jacksonville were hastily summoned and soon arrived and gave emergency surgical aid.

## Taken to Hospital

The police department was also notified of the accident and Capt. Roach and Desk Sergeant Wannamaker went to the scene. After Drs. Atherton and McLin had dressed the principal wound which was a deep cut in the back of the head on the left side they recommended that the woman be taken to the hospital for further examination and treatment. Capt. Roach summoned the ambulance and she was taken to Passavant hospital.

The street car company was in no way to blame for the accident. General Manager E. H. Gray, upon hearing of it, immediately telephoned Dr. C. E. Black, the company physician, to give the injured woman surgical attention.

Dr. Black visited the hospital and made a thorough examination of Mrs. Hettick's injuries. In addition to the cut already referred to he found a number of bruises, a cut on the left wrist, and, apparently a fracture of the skull. Dr. Black and Dr. Crouch both examined the injured woman and decided she was not in condition to stand an operation. It was hoped that today that there might be a change for the better. However after midnight Mrs. Hettick's condition became rapidly worse until her death.

The car which struck Mrs. Hettick was a Ford driven by Roy Sayre who resides on a farm southeast of Lynnville. Mr. Sayre was coming to the city from Woodson where he had been attending the watermelon picnic. He had four persons in the car in addition to himself.

Mr. Sayre said that the car was running slowly when it struck Mrs. Hettick. He said that the first he saw of her she was directly in front of the car. She screamed when the car struck her and he immediately put on the emergency brakes and stopped. Sayre was under the impression that Mrs. Hettick stepped out from behind the street car.

**Stories of Accident Differ**  
Motorman Moss who was in charge of the car from which Mrs. Hettick alighted said that she was clear of the car and about half way to the curb when the automobile struck her. She was compelled to alight from the car on the same side on which the Sayre car was traveling if it was headed north. It also seems that even the Mr. Sayre was running slowly when he struck Mrs. Hettick as he failed to obey the law which provides for the stopping of cars when a street car stops for passengers.

The deceased was the wife of Elbert W. Hettick. She was 40 years of age and had been employed at Passavant Hospital. She was returning from work when the accident occurred. She was the mother of several small children. Capt. Roach took Sayre's name and the number of the car which is 13761. Sayre was badly scared and expressed regret at the accident and seemed willing to do anything possible in the matter.

## BARGES DELAYED BY

## LOW STAGE OF WATER

St. Paul, Minn., Aug. 29.—Barges carrying iron ore from St. Paul to St. Louis, were delayed today because of the low stage of water in the Mississippi river. The fleet ran aground at Red Rock, and was split and carried through in pairs.

The water is said to be at the lowest stage in eleven years.

## FRANKLIN METHODISTS IN ALL DAY PICNIC

Event in Central Park is Well Attended in Spite of Unfavorable Weather—The Prizes Awarded.

Good music by the Waverly concert band and a program of races and contests were features of the big Methodist church picnic in the park at Franklin Wednesday. The serving was begun in the forenoon and in spite of the cool weather a number came to partake of the burgo soup and chicken. The speaker of the day, Carl E. Robinson, did not arrive, the train upon which he was to have gone leaving Jacksonville three hours late.

The picnic was given under auspices of the Ladies' Aid society of the church, of which Mrs. William Brewer is president, the Rev. J. N. Jermain, pastor of the church, was in charge of the program. George Whitlock made the burgo and the women of the church prepared the chicken.

In the baby contest the prizes were:

Finest baby girl under two years—Ruby Bull.

Second—Margaret Beerup.

Finest baby boy under two years—Walter Howard Davenport.

Second—Wayne Bottom.

In the 50 yard dash for boys under 12 the prize was won by Cecil Doye.

Race, 50 yards, for boys 15 and under—Glen Snow.

Race, 50 yards, for boys 10 years and under—Herman Rawlings.

Married Men's Race—Frank Hamm.

Three legged race—W. S. Ludwig and Everett Johnson.

One hundred yards race—Donald Woods, Waverly.

A doll baby parade was the cause of many a happy word of comment. Each of the dolls was dressed to represent a person or character and the parade in the afternoon was very pretty.

## RETURN FROM AUTO

## TRIP TO COLORADO

Mr. and Mrs. W. R. Huckleby and Miss Inez Huckleby have returned from a five weeks' automobile trip which took them to Denver. The distance covered going and returning was 2,000 miles but there were numerous side trips which greatly increased the mileage. Returning, Miss Huckleby drove the entire distance and the Ford car came thru without engine or tire trouble. The roads all the way were in excellent condition until the party reached Hannibal and from that city to Jacksonville they drove all the way thru mud. Members of the party found auto travel in the west every way delightful.

## WILL GIVE DINNER TO SOLDIERS

Women of the various churches of Jacksonville have arranged to give a dinner Tuesday evening, Sept. 4, at the Y. M. C. A. for the 133 or more men certified in Morgan county's first quota for army service. The movement was inaugurated by the woman's auxiliary committee of the Y. M. C. A. and the churches are all co-operating in a very generous and earnest way. The invitations were sent to the men yesterday and have the signature of Mrs. William Floeth as president of the committee.

## GRACE CHURCH WOMEN HEARD VIVIANI'S ADDRESS

Miss Jastremski Presented Report of  
French Commission's Visit to U.  
S. Translated from Paris Paper—  
A day of Red Cross Work.

Members of the Ladies Aid Society of Grace M. E. church spent Wednesday sewing for Red Cross society. There were between twenty and thirty women present and they remained from morning until late in the afternoon. The arrangements for the day were made by Mrs. F. H. Rowe, president of the Ladies Aid society, and an excellent dinner was served at noon. During the day a large box of clothing was packed ready for shipment to France. The numerous garments included in the shipment are intended for use of French refugees.

**Read Premier's Address**  
As the sewing work was in progress the women present had the pleasure of listening to an address made by Premier Viviani in Paris after his return from his visit to the U. S. with Gen. Joffre. Miss Ernestine Jastremski, who is of French parentage and has often been in France, read the address which she had translated into English, taking it from a Paris publication. Miss Jastremski speaks French fluently and has been in Jacksonville for several months giving instruction in the language to women who are expected to be called into the hospital service abroad. So far as known Premier Viviani's address, in which he gave impressions of his visit to America, has not before been made public here and Grace church women yesterday heard it with intense interest. The address follows:

He spoke as follows:  
I comply very willingly to the invitation addressed to me from the Head of the Government, an invitation accompanied, I see, by a favorable manifestation from the House of whom I ask permission to group some impressions gathered from the Mission with which I was charged to the United States.

You do not expect from me a detailed recital of the magnificent manifestations given thru us to our immortal France. Neither shall I go into detail concerning the emotional interviews at which I assisted at the side of President Wilson whom I shall always see, calm and peaceful, firm and holding in his hands, as it were, after Washington and Lincoln, all of the grandeur of the American nation.

Looking aside from the splendor of the receptions and from listening to the acclamations which rose from millions of hearts towards our France, beloved and immortal, I should like to bring you with me to the Congress of the United States. Contrary to secular rules, I was given a never-to-be-forgotten honor of speaking before the Parliament of the U. S. and I should want now to send them thru this distance the fraternal salute of the French Republic to the Republic of America. (The senators arose and applauded loudly and vigorously.)

**France Holds Privileged Place**  
How were the strong and vigorous sentiments grouped in the American soul to decide that country to enter the war? Was it solely the gratitude they felt to the French and to Lafayette? No one, here, no one can know the privileged place that France holds in the heart of that grand America. Not a speech was made, without the mention of the memory of that young general. Not an edifice where in the midst of flags but were linked the fine and aristocratic effigies of Washington and Lafayette! It is a grand thing for a country to keep up their pride and their gratitude. (Vigorous applause.)

Whilst I was gazing around at the crowd and listening, I, son of the French Revolution, said to myself that the skeptics were wrong. France noble and generous has not, during these centuries conceived and defended in vain her noble ideal of justice and honor; for today her sons have only to bend to gather the immortal harvest sowed by her in the fields of humanity. (Loud and prolonged applause.)

Let us ask, is it for their admiration of France? We should render this justice to our friends of America; they have not been dupes of German insinuations. They felt that our people notwithstanding our struggles in times of peace, would not give in war, an example of a people weak, corrupted and broken down.

**Stirred the Soul of America**  
Was it our courage? We have inscribed it enough in the annals of glory. No, what has stirred the soul of the American people is our silence, our tranquility, our dignity; it is the people on their feet, people of the farm and of the workshop; it is the Marne which was the rupture; Verdun the patience and that French capital trembling but calm and worthy, this Paris of which German calumny made it out to be the capital of frivolity. Trembling but calmer and more worthy yet than ever, as she was reserving her entire enthusiasm for the day when, by the force of our arms, right would be lavishly forever in the universe. (Lively applause.)

This is what stirs in the depths of the American soul. I can still hear that admirable old gentleman, ex-ambassador of the United States to London, speaking in these noble terms: "We have always loved you, after the Marne, we have admired you and after Verdun we respect and honor you."

I can also hear yet the Mayor of New York saying to those listening to him: "Bow your heads for it has been three years that France has been bleeding for you." (Loud applause.)

Now to explain this intervention of a great people who until then had held aloof from the angry passions of Europe? Oh, it is simple.

to understand, it suffices only to read the incomparable messages of President Wilson. (Loud and repeated applause.)

Before Imperial Germany, this task was easy and clear for the United States, they could have said they would suffer no longer the false manoeuvres of an intriguing ambassador, that they did not want to hear again thru space, the cries of children traitorously thrown at night into the depths of the ocean. America said it but she did not only say this; her historic honor was to have heard the plaint of humanity all entire and she has invoked universal right and justice.

**Quotes Illinois Governor**  
Never have I felt so much this profound truth as when I was in that formidable city of Chicago which has largest German population outside of Berlin. There among 20,000 souls tired by the efforts and emotions of the day, I clamored in your name and in all truth for Alsace-Lorraine. I repudiated the historic fraud and I can yet hear the clamor which was answering me and the words of the Governor of Illinois, elected by several millions of people, saying, "To the very last cent, to the last man, to the last drop of the heart." (Loud applause.)

America is entering the war with her profound good sense and with her moral and democratic character. After studying the question, she has placed the blame and responsibility of this cruel war on the shoulders of the Central Empire whose imperial hands stained with blood have now become criminal and the hour is sounded for autocracy or democracy.

As long as a perverse force of untruth, of prey, of aggression exists in the world, democracies will be in peril and will be exposed after 10, 20 or 30 years to the iron and steel of Germanic brutality. (Loud applause.)

No, we cannot have peace without victory unless we abandon all respect for our tombs, the respect of our graves and have a barbaric rhythm renewed every 30 years and our sons take their places in battle where their fathers fell. (Loud and prolonged applause.)

America has entered the war knowing she will go strongly to the very end bringing us immediate aid and resolved to co-operate with us to final victory and placing herself side by side with the Allies; she is also a champion of universal right. Should France permit that her inheritance of human right, of justice and of liberty be taken from her? No, for three years this war is lasting, political difficulties arise, insuring increases and around the cradles the mothers are thinking of the recent graves. Yes, we have all of this anguish and as Mr. Ribot said, "We must conquer or we must be subjugated; there is nothing else. We are here in this city where the French Revolution raged within its ramparts, amidst the disorder of armies and plots were enclosed. Our frontiers were invaded and forty of our departments were besieged. Our men arose, however and saved France and we possessors of this admirable patrimony of honor and of humanity, we who are no longer isolated and all who wish to live and breathe freely afterwards, shall we not snatch forever from the Prussian hands, this heavy sword of murder and rapine?"

Gentlemen, it is sometimes difficult to act but here our duty is clear and simple, we must struggle, we must vanquish.

We cannot accept a precarious peace without delivering up the sons of our sons to future hecatombs. Then we would be committing a crime against humanity. We could not look straight into the eyes of our allies when the battle is over if we do not unite to prevent a recurrence of such massacres. (Applause.)

**A Society of Nations**  
We should organize a society of nations which would be a living barrier against such hecatombs.

Here is the double object to attain! For this the struggle is difficult, the restrictions, the sufferings, the mourning, these widows whom we meet everywhere, their veils not concealing their sorrows, desire that their sacrifice not be useless. All of which creates such anxiety in our hearts that we should want to examine our consciences. But remember that you are not only responsible to the France of today. You are responsible to the France of yesterday and to the France of tomorrow. (Loud applause.)

When the great American army rises side by side with us; and the different glories of each and all on the different battlefields will be gathered; and when all of the free peoples are up on this trembling earth, let not their hearts fear. Then, in presence of an autocracy which feels itself weakened by our strokes we should combat as long as we are not certain of peace without victory and that our generations to come will be guarded against such sanguinary conflicts.

Our duty is clear. Look at these things in the face and say, "There is no historic fatality which cannot be remedied by the will and courage of men." Then fast to the very end we must go and leave to humanity a "Universal Peace"

**MAY SHORTEN TIME  
FOR UNLOADING CARS**

A public hearing is to be held Sept. 4 before the state public utilities commission with reference to the application of the railroads of the state to change the demurrage rules and reduce the free time for loading and unloading open top freight cars from 48 hours to 24 hours. Several years ago three days' time was allowed for unloading cars. Then the free time was changed to two days and now it is proposed to further shorten this time to one day. The purpose, of course, is to thus encourage dealers in coal, lumber and other products loaded in open cars to unload them as quickly as possible and thus avoid demurrage charges.

## FUNERALS

**Smith**

The body of Mrs. Josephine Vasconcellos Smith arrived from Rock Island late Wednesday afternoon and was taken to Jacksonville cemetery, where a brief burial service was conducted by the Rev. W. E. Spoons. Mrs. James Scott, Mrs. James DeFries and Mrs. George Ferreira furnished the music. The flowers were in charge of Mrs. E. M. Henderson and Mrs. J. Earl Vasconcellos. The bearers were Lloyd Vasconcellos, Clyde Vasconcellos, Howard Smith, L. A. Vasconcellos and E. L. Sutcliffe.

**McFall**

Funeral services for Miss Helen McFall were held at the residence of Charles Rafferty, 200 Johnson street, Wednesday afternoon at 3 o'clock in charge of the Rev. E. L. Fletcher, pastor of Centenary M. E. church. Mr. and Mrs. T. H. Rapp, A. C. Metcalf and Miss Myrtle Larimore furnished the music. The body will be taken to East St. Louis by the 6:45 o'clock Alton train and burial will be made in Mt. Hope cemetery.

**Gunn**

Funeral services for Abijah J. Gunn were held from Murrayville M. E. church Wednesday morning at 10 o'clock in charge of the pastor, the Rev. W. H. McGhee. Music was furnished by a quartet composed of Mrs. W. H. McGhee, Mrs. Mary Wright, Warren W. Wright and George Coultas with Miss Ray Ketter at the piano. Burial was in Bethel cemetery near Murrayville, the bearers being H. F. Gardfield, J. L. yatt, S. B. Robinson, W. T. Cook, William Brown and William White, all members of Murrayville Masonic lodge which had charge of the services at the grave. Those present at the funeral from away were: Mrs. Ella Kyle, Alma, C. R. McCollister and Mrs. Emma Staunton of Springfield.

**Davis**

Funeral services for Mrs. Fred Davis were held from Bethel A. M. E. church Wednesday afternoon at 3 o'clock in charge of the Rev. J. H. Fisher. Music was furnished by the church choir. There was a large number in attendance the organizations of which Mrs. Davis was member attending in a body. Burial was in Jacksonville cemetery. The following resolutions were adopted by the Allen Improvement club of which Mrs. Davis was vice president.

**Resolutions**

We, the members of the Allen Improvement club of Bethel A. M. E. church, come with sad hearts to know that God in His all wise providence has taken from our midst our vice president, Sister Davis, and one of our most faithful members. She was always ready to do what she could for her church. We will miss her in our club and while we realize that it is our loss, we trust that it is her eternal gain. Say it is finished and hear the Savior's call. But the Father who knows that at best we are all frail. Our father who knoweth each sparrow falls will give us strength which never shall fail, and his arms are beneath and around us all. Then sorrowful hearts look up thru the night of mourning and doubting and catch the bright rays as what we call death but heralds the night of dawn of the morning of God's perfect day.

Resolved, That we as members of the Allen Improvement club will try to live so that when each claims his own we can say it is well with our souls.

Resolved, That we extend our sympathy to the bereaved family and that a copy of these resolutions be placed upon our records and a copy sent to the bereaved family.

Mrs. A. J. Jones, President.  
Ina O'Bryen, Secretary.

**Hinrichsen**

The body of Miss Savilla T. Hinrichsen was brought to Jacksonville Wednesday afternoon at 2:30 o'clock via the Vabash, and burial was made immediately afterwards in Diamond Grove cemetery. The funeral had been held at the residence, 1141 South Third street, Springfield, in charge of the Rev. G. D. Childs, pastor of St. John's Episcopal church and of the Episcopal church at Elkhart. Mrs. Margaret Colwell, Mrs. Rosa Strawn and Mrs. E. J. Kumle, Alexander, friends of the deceased, went to Springfield Wednesday for the forenoon funeral service and accompanied the body to Jacksonville. A number of friends from Alexander motored to the city and made their way with the cortege to Diamond Grove cemetery. The burial service impressive as well as beautiful, was read by Rev. Mr. Childs.

**WITH THE SICK**

Mrs. Edward Tendick of Murrayville underwent an operation for appendicitis at Our Saviors hospital yesterday, Dr. F. A. Norris being the surgeon. She is reported as improving in a gratifying manner.

S. G. Sykes, a prominent merchant of White Hall has been a patient for some time at Passavant hospital but has so much improved that he expects to return home Saturday.

Friends of Joseph Yingling, will regret to learn that the gentleman is seriously ill. He has practically lost his eyesight and is a very sick man.

Miss Ruby Bailey of Winchester, who has been a patient at Passavant hospital, has been removed to the residence of John W. Wright, 916 South Clay avenue.

S. G. Sykes of White Hall, who underwent an operation recently at Passavant hospital, is improving satisfactorily and expects soon to leave for his home.

**LEAVE FOR CAMP GRANT**

Stuart Russell and Fred Stewart, second lieutenants in the new national army, reached mobilization at Rockford yesterday in accordance with instructions of the war department. Capt. W. T. Harmon preceded them one day. The department order was that all officers must report not later than Wednesday, Aug. 29.

## SOLDIERS WILL MEET AT VICKSBURG

National Memorial Reunion and  
Peace Jubilee Will be Held There  
October 10th to 16th.

Commander George Paul of Matt Starr post G. A. R. has received a notification of a grand national memorial reunion and peace jubilee at Vicksburg national military park, Oct. 10th to 16th. The national government has appropriated \$150,000 for the entertainment of civil war veterans during this reunion, both blue and grey. All will be provided free with suitable camp, sanitary water, drainage, tents, beds and bedding, necessary garrison equipment, medical attendance, wholesome food properly prepared for the sustenance of all honorably discharged civil war veterans regardless of army or department in which they served who wish to attend.

Illinois has appropriated \$40,000 for the transportation and incidental expenses of all veterans now living in the state and who participated in the siege of Vicksburg. Other veterans will have to pay their railroad fare which will be at reduced rates.

All veterans may bring any member of members of their families who will be entertained at their own expense in Vicksburg and provided with free transportation to and from the grounds and will be cordially welcome.

Mr. Paul has left application blanks with the county clerk where any veteran wishing to attend, blue or grey, may secure one and have an affidavit made free of charge. This is necessary so that reservations may be made for each veteran in the proposed camp and they want to know how many will attend.

## ENTERTAINMENT FOR RED CROSS BENEFIT

The children of Northminster church will give a musical entertainment at the church tonight. The proceeds will be turned over to the Red Cross fund.

## NYAL'S COMPOUND LAXATIVE FIG SYRUP

A pleasant and agreeable laxative prepared from figs and senna that induces prompt and painless action of the bowels. Violent and drastic purgatives, when used in cases of habitual constipation, are more apt to aggravate than cure it, for the reason that they are extremely irritating and by their excessive action weaken the bowels.

## COMPOUND LAXATIVE FIG SYRUP

Is prompt but mild in action, and exerts a soothing and toning influence on the muscular walls of the intestines. It strengthens and regulates the bowels, producing a feeling of relief, as distinguished by the relief from habitual headaches, dizziness, and improvement of the general condition.

### SUPT. H. S. MAGILL IS WINCHESTER SPEAKER

Teachers Hear Address on Illinois Centennial Wednesday Morning — Other Scott County Notes.

Winchester, Ill., Aug. 29.—The sessions of the Scott County Teachers' institute have been well attended and interest has seemed to increase from day to day. Wednesday morning a special interest was lent the program by the presence of Supt. Hugh S. Magill of Springfield. Mr. Magill gave the teachers an interesting address on "Illinois Centennial Plans."

**Residence Changes.**  
Mr. and Mrs. Charles Burdick have moved to the new property recently purchased by them from Mrs. McGoran. Mrs. McGoran has purchased the Otis Linders place and has removed there.

Earl Owings left Wednesday for his home in Canton after a visit with his parents, Mr. and Mrs. George Owings.

Carl Miller returned Wednesday to his home in Dwight. He made the return by train as road conditions would hardly permit of further automobile travel.

Miss Lucille Bishop has arrived from St. Louis to take a position on the faculty of Winchester High school. She will have charge of the work in history and mathematics.

Mrs. Arthur Pile arrived Wednesday from Bluffs to visit at the home of Mr. and Mrs. Elmer Coultas.

Mrs. George Woodall and granddaughter, Eileen Woodall, have returned from a visit in Moline.

Mrs. Nathan Wallace returned Wednesday from a visit in Hamilton. Miss Julia Werner has been kept at home for the past few days by illness.

### H. K. SNYDER ATTENDED ICE MEN'S MEET

Refrigerator Plants Will Be Offered to Government in Case of Need.

H. K. Snyder returned home yesterday from Chicago where he attended a conference of the ice manufacturers of the country. The sessions lasted two days and were held in the Congress hotel.

The meeting was attended by representatives of the industry from all parts of the country, the fifty or more present representing many state associations and large individual interests. Henry B. Norvell of Cleveland, Ohio, was elected president and a board of fifteen directors also was named.

The calling of the meeting was mainly for the purpose of making plans to offer the refrigerator plants thruout the country for the use of the government in the conservation of the perishable food supply. It was unanimously voted to offer the various plants to the government if needed for government use to the exclusion of private interests.

The program as carried out had a number of addresses touching upon the ice industry and its relation to the government. Among other things discussed was "The Ice Industry in Its Relation to the Government in Time of War", "The Importance of Ice in Food Conservation", "Ice Storage Houses for Government Use", "The Labor Problem During the War and After", "Securing Greater Efficiency in the Production and Delivery of Ice", "The Responsibility of the Ice Industry in Backing the Government and Director Hoover."

Roy Adams of the west part of the county was transacting business in the city yesterday.

## WILL PAY HONORS TO MORGAN COUNTY TROOPS

Committee Held Meeting Wednesday to Formulate Plans—Dinner With Brief Program is Proposed

At the meeting held yesterday in the Ayers National bank it was decided to give the boys soon to go to war an excellent send off with banquet, parade and various evidences of loyalty.

The meeting met pursuant to appointment at the Monday night meeting and Major C. E. McDougall, was chosen chairman and S. W. Nichols secretary.

Mr. Weir read the instructions received from the provost marshal general with reference to the movement of troops. This letter stated that the 5 per cent will go Sept. 5; 40 per cent Sept. 19; 40 per cent Oct. 3 and the remaining number at a date to be announced.

The governor's proclamation had called for the honoring of the troops called for Sept. 5th but it was suggested by S. W. Nichols that a great many more would participate if it could be on Monday; the majority however preferred to have the demonstration on the fifth. Mr. Weir read an article in the Chicago Tribune stating that President Wilson would march at the head of a similar procession in Washington.

Dr. Bowe said some places in the state were arranging similar celebrations and he thought it should be here for the whole county and try to get the co-operation of all the whole county.

The chair said Co. B was the pride of this county and the best company in the regiment but the boys felt they were hardly regarded as they should be by the people at home. Mayor Rodgers in reply said in the first place they went off in detachments and it would hardly have been practicable to escort each one to the station. He had visited them a number of times and had not heard of any such feeling as was mentioned among the boys.

Dr. Bowe thought if the departing boys were to have a banquet it would be a good idea to let them have it practically by themselves so that they might get acquainted to Mr. Weir said it was probable they wouldn't all be together but distributed among the regiments of the service.

**Parade and Banquet**  
It was the decision of the meeting that there should be a banquet about noon after which a parade as large as possible to march about the city and escort the men to the C. & A. station for the 4:10 p. m. train south.

All civic, military, educational and fraternal organizations of any and all kinds are urgently requested to cooperate with the executive committee in making the enterprise a success.

Mayor Rodgers said it was important to do our best for the boys of Co. B. There was the company fund which was for the welfare of the special company to which it was sent; there was the regimental fund for the whole command and the chaplain's fund for special purposes. Dr. Bowe thought it would be proper to have such a demonstration as this for the men of each call but Mr. Weir said it was hardly probable that there would be another before spring and whenever it is the boys will have a fine send off.

Mr. Finley said the churches were arranging to give the boys a banquet and it was deemed best to try to cooperate with them.

The mayor was requested to issue a proclamation requesting all business houses to close an hour during the parade.

**Committee Named**  
The whole matter was placed in the hands of an executive committee consisting of Miller Weir, J. J. Reeve, Dr. Edward Bowe, William Batz and Mayor Rodgers.

The committee met and chose Miller Weir chairman and Mr. Weir appointed the following committees: Finance—Mayor Rodgers and Wm. Batz.

Publicity—James M. Swales, Dr. Edward Bowe and J. J. Reeve.

Banquet—J. S. Findley and Miller Weir.

Parade—John Larson and Carl Weber.

### AUTO TOURISTS ON WAY TO COLORADO

A party of autolists were in the city Wednesday on their way to Colorado Springs, Colo. The party included Mr. and Mrs. A. M. Bull and Vines Hicks of Scottville and Mr. and Mrs. A. M. Hicks and children. The Hicks family have for several years spent the winters at Colorado Springs and the summers at a farm near Barr's store, and they are now on their way to their western winter home. Mr. and Mrs. Bull and Vines Hicks are accompanying them for a brief visit. The trip is being made in two Hudson cars, and a full camping outfit is carried.

### RETURN FROM VISIT IN EAST.

Mr. and Mrs. J. L. Tayman and children have recently returned from a three weeks' stay in Pittsburgh, Somerset and Johnstown, Pa. Mr. Tayman's parents reside at Somerset and most of the time was spent with them.

### KANSAS CITY TOURISTS.

Yesterday morning, John Skovinski, Joseph Nelson and Anthony Beck passed thru the city in a Studebaker car enroute from Kansas City to Wilkesbarre, Pennsylvania. They said they left Kansas City Sunday morning and had encountered some very bad roads on the way and their car bore out what they said. They were campers carrying along tents and full equipment.

Mr. and Mrs. Al Murry of Ft. Dodge, Kan., have returned to their homes after a visit of several days with Mr. and Mrs. W. E. Murray of Eaterberry.

MILWAUKEE ARCHBISHOP  
70 YEARS OLD

Milwaukee, Wis., Aug. 29.—Archbishop Sebastian G. Mossmer, who is now in his fifteenth year as head of the Roman Catholic diocese of Milwaukee, attains his seventieth birthday anniversary today. Owing to his absence from the city, in attendance on the convention of the American Federation of Catholic Societies in Kansas City, there was no formal observance of the anniversary. The Archbishop is a native of Switzerland and has resided in the United States since 1872. For a number of years after coming to this country he was a member of the faculties of Seton Hall College and of the Catholic University in Washington. In 1892 he was made bishop of Green Bay and some ten years later he was appointed archbishop of Milwaukee.

**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflammation of the mucous surface of the face. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c. F. J. CHERRY & CO., Toledo, O.

## OLD JACKSONVILLE

A Morgan Journal of 1859

By Ensley Moore

(Member Illinois State Historical Society)

Mr. Henry Stryker has kindly furnished the writer a copy of the "Morgan Journal", of Aug. 4, 1859—"By Wm. H. Collins." It was a weekly.

It had a sub-head proclaiming it "An Independent Journal of Home and Foreign Literature, Education, Commerce, Politics, Agriculture, Commercial News, Poetry and Local and General Intelligence," which of course was not much for a publication in "The Athens of the West."

The price of all this ran down from \$1.50 for a single subscription to \$1 in clubs.

On the first page—of eight columns—was E. S. Troyer's advertisement of his news depot in Chambers' Block, up stairs, back room.

The Great Western Rail Road, by C. W. McLain, agent, announced trains as follows: Going East: Express, 11:23 a. m. Accom. & Freight, 3:20 p. m. Going West: Express, 7:05 p. m. Accom. & Freight 9:55 a. m.

And that was all of Jacksonville's railways.

H. J. Atkins had a law card, and David Prince, M. D., a medical. B. D. Dawson, Atty. and Counselor-at-law, followed. Then G. Y. Shirley, M. D., Homeopathic physician and surgeon; and Shirley and Retter, Dental Surgeons. J. H. Lorton and Jno. Mathers had lots for sale in Lorton & Kedzie's Addition. The Eagle Hotel, of Lynnville, was advertised by C. Burnham. Richard Yates had 720 acres of land for sale at New Berlin. "Pictures for fifty cents, case included" were offered at Collins' gallery, over the Philadelphia Store (S. W. corner W. State and Square). E. Peck had pictures and picture frames probably just west of where the C. C. Phelps store is now; and Jas. T. King probably helped sell them. Ayers Campbell & Co. were bankers as was "William Brown, successor to Elliot & Brown." C. K. Sawyer was a Dentist, Court street near N. W. corner of Square. C. H. Dunbrack had an Agricultural Warehouse on E. Court street. P. Cook had removed his shoe shop "to the frame building on St. Louis street, just south of Coffman's corner" (S. Main and Square). Edgar and Co. had drugs near the N. W. corner of the Square. (Dr. W. S. Edgar and Jno. W. Craig). J. W. Strong and J. B. Duncan were lawyers, over Brown's bank.

"B. Lewis, Atty. and Counselor-at-law" had an office next door to S. Sutton's Magistrate's office. (Ayers Row W. State street). He became Capt. Barbour Lewis.

Then came Poetry—two pieces, and Miscellany—about Rufus Choate lately dead. Then two columns of a wordy strife by R. S. Thomas, President of the Illinois River railroad—now C. P. & St. L. The rest of the page was given up to selections and short paragraphs. Eliza Burritt is quoted as estimating that the blood so far shed in war would make "a circular lake of more than 17 miles in circumference and ten feet deep in which all the navies of the world might float."

On the second page the leading editorial, a column long, was on "The Insane Hospital at Jacksonville." This was followed by two and a half columns written by a "Taxpayer" coming back at R. S. Thomas about the Illinois River railroad. "More anon, if necessary." Some magazine notice and locals

followed, then came over half a column of Advertised Letters, spaced three names to a line, but unsigned. (Samuel Hunt was the postmaster.)

Ads by Henry Rice, clothier, Illinois College, legal notices, patent medicines, S. P. and J. T. Newman, Wm. Hamilton and B. L. Ayers, and of the estate of George C. Rieck finish the page.

Among the items was an ordinance amending an ordinance of the Town Trustees, signed by Michael Rapp, President of the Board of Trustees, and Henry Stryker, Jr., Clerk.

The third page had nearly two columns of locals and business notices, and "Commercial." Under the head of wheat "shippers are paying for fall wheat from 40 to 80c. Millers pay from 60c to \$1.10 for prime fall."—Corn, "White, in ear, 70c; yellow in ear, 80c per bushel." "Chickens, \$1.50 per doz." Think of it! The "Cattle Market" was taken from the N. Y. Tribune of July 21, 1859, and first quality were quoted at 9 1-2 @ 10c there.

Six columns of advertisements followed, the largest being by Upham and Snyder, Robert Hockenbush, and B. H. Merrill and Co. "Great Western Gift Book Store, No. 6, East State street," E. D. Dickman had half a column of Insurance ad.

Stephen Dunlap, Richard Matthews and Samuel T. Matthews, Trustees, selling "improved and timbered lands," for Humphrey F. Fitch. There was also a solid column of patent medicine statements by a Roxbury, Mass., man.

There was no reading matter on the fourth, and last page. But the eight columns of advertising would stir up reminiscences in many minds. McElroy & Owen's book store, No. 2 West State street, leads. It was in a small, two story, brick,—just where the west end of Farrell's Bank is now.

Mathers & Boyer had on hand "about 200,000 coal burnt pavement brick," which they wished to dispose of—of course because of their superiority.

Dawson's Gang Plow spoke for itself and C. H. Dawson, its inventor. "This plow turns two furrows at once, thereby doing two men's work. The work can be done with four horses."

Ratekin & Simmons (D. M.) had family groceries at No. 4 East State street.

J. S. Anderson had metallic burial cases.

U. C. Edgerton (father of Mrs. H. O. Cassell) had bought out his partners in Sage & Edgerton, north side of the Square (just east of Chambers' block).

J. H. Alderman, having dissolved with Joseph Tomlinson, had a tailoring and clothing store on N. Main street, under the Mansion House.

Dolyns & Co., would shoe anybody, where Myers Bros. are now.

Sage & Edgerton had a half column of dry goods matters, followed by about the same talk and space by King & Dewey. That being Charles King and Wm. K. Dewey.

Allen L. Abbott was a bricklayer and mason.

Another dry goods place was the "New York Store" of B. Philpot & Bro. North East corner of the Square south of the present Opera House. G. B. had just been taken in part, nerish by his brother B. G. B. was quite a beau, went south and served in the Confederate army. Wm. C. Woodman was right after the Philpots, with dry goods bargains in the old frame building at the south west corner of W. State street, having there the "Philadelphia Store."

J. Q. Adams had a news depot in the Mansion house on N. Main street. The biggest thing about John was his name and manner.

C. D. Roberts had a book store on E. State street, and Wm. M. Mayo had a fine Jewelry and Music store on the north side of the Square, west of the Mansion House.

W. D. Hillis agent for pianos and tuner, also singing teacher, had sold instruments to M. P. Ayers, Jas. Rector, Harvey Rout and J. J. Alexander.

Robert Hockenbush talked up Fahnestocks' paints; and C. H. Dunbrack bragged on his drills, for grain.

Lyons' Magnetic Powders, to destroy all sorts of bugs, had an endorsement from President Fillmore, dated at the Executive Mansion, Jan. 31, 1858, "the above was accompanied by a certificate of Prince Albert"—he was Mrs. Victoria Guelph's husband, and they lived in Windsor Park, England.

The "Jacksonville Marble Works" were run by A. Benedict—opposite Ayers' Hotel. That was on North Sandy street.

The New Grover and Baker Sewing Machine was for sale by E. I. Eno, agent, North side of the Square, over Sigler & Lightfoots.

McCormick's Combined Reaper and Mower could be had of John B. Fairbanks, agent, at Concord, or at Dunbracks' here.

Wheeler & Wilson's Sewing Machines were for sale at Goodwin & Co's. Gallery, over New York Store. Sewing machines were just coming into general use then. This was followed by a string of Yankee Notions, offered by E. Peck.

D. Cone, watchmaker and jeweler had "taken a room at Foreman & Eads', South side of the Square." Massey, King, Neely & Co. occupied an inch and a half of space on lumber and their planing mill.

Dr. J. H. McLain, of St. Louis, Mo., occupied nearly half of the last column with an ad of his patent medicines; and Fleming Brothers, of Pittsburgh, Pa., had about as much space on the same wonderful subject.

New York, Aug. 29.—New York  
played an uphill game against Pitts-  
burgh here today, winning in the  
ninth inning 6 to 5. Miller, who  
pitched sensational ball in the early  
innings weakened toward the finish  
and was taken out in the ninth.  
Zimmerman's two errors were re-  
sponsible for four of the runs scored  
on Demaree.

Cincinnati, 5; Boston, 4.  
Boston, Aug. 29.—Cincinnati  
cleaned up its three game series here  
by defeating Boston 5 to 4 in ten  
innings today. Toney was virtually  
knocked out of the box after four  
innings. The winning run was the

YES! MAGICALLY!  
CORNS LIFT OUT  
WITH FINGERS.

You simply say to the drug store  
man, "Give me a quarter of an ounce  
of freezezone." This will cost very lit-  
tle but is sufficient to remove every  
hard or soft corn from one's feet.  
A few drops of this new ether com-  
pound applied directly upon a tender,  
aching corn should relieve the sore-  
ness instantly, and soon the entire  
corn, root and all, dries up and can  
be lifted out with the fingers.  
This new way to rid one's feet of  
corns was introduced by a Cincinnati  
man, who says that, while freezezone  
is sticky, it dries in a moment, and  
simply shrivels up the corn without  
inflaming or even irritating the sur-  
rounding tissue or skin.  
Don't let father die of infection or  
lockjaw from whitening at his corns.  
But clip this out and make him try  
it.—Adv.

McGraw Fined \$1,000  
AND REPRIMANDED

NEW YORK, Aug. 29.—John J.  
McGraw, manager of the New York  
baseball club, was fined \$1,000 and  
censured and reprimanded by the  
board of directors of the National  
league for approving an interview  
subsequently published, containing  
an attack upon John K. Tener, pres-  
ident of the league.

This action was taken as the  
result of the demand for an investi-  
gation of the case by the New York  
chapter of the Baseball Writers' As-  
sociation of America, after McGraw  
had signed a statement repudiating  
the interview when brought before  
the league on charges filed by Pres-  
ident Tener.

Games Scheduled.

Chicago, Aug. 29.—Chicago won  
both games of a double header from  
St. Louis today, 6 to 0 and 11 to 1,  
and gained a full game on Boston,  
which team had no game scheduled.  
Chicago now leads Boston by four  
and a half games.

In the first game Russell pitched  
in fine form, twirling his best ball  
in the pinches. Chicago also  
bounced its hits and executed some  
good base running. In the second  
game the visitors began an assault  
upon Benz, who was taken out with  
men on second and third and one out  
Danforth retired the side, and retired  
the side in one, two three, you're  
out, in each inning except one, when  
his own wild throw to first enabled  
Sloan to reach third.

The feature of the day was a  
squeeze play in the fifth inning which  
started the big rally. Score:

Cleveland, Aug. 29.—The Tigers  
wore their batting clothes today,  
making eighteen hits and winning 15  
to 1 from Cleveland. Torkleson, a  
Marshalltown, Iowa, recruit, who  
replaced Bagby, distinguished him-  
self in his first big league inning by  
striking out Cobb and Veatch and  
making a clean single. Score:

## BABY PARADE AT ASBURY PARK

Asbury Park, N. J., Aug. 29.—  
Hundreds of little tots were either  
trundled over the board walk along  
the beach or toddled along in true  
infantile fashion on the occasion of  
the annual Baby Parade here today.

The event marked the close of the  
annual carnival and was one of the  
most successful affairs of its kind  
in the history of this resort. Pa-  
triotism was the keynote of the pa-  
geant. Scores of the little marchers  
were costumed as Uncle Sam and as  
soldiers and sailors. The beach  
and board walk were a solid mass of  
humanity, assembled from many  
parts of the country to witness the  
event. The entire route was elabora-  
tely decorated in the national col-  
ors.

Mr. and Mrs. H. Lanis of Danville  
were visitors yesterday with Jack-  
sonville friends.

BUSY'S LASSIE TAKES  
KNICKERBOCKER TROT

Four Heats Necessary to Decide  
Event—Other Races Uninteresting

Poughkeepsie, N. Y., Aug. 29.—  
Busy's Lassie, owned by Barton

## MIXED SENTIMENT UPSETS CORN MARKET

Close Strong ¼ to ½ cts Higher—  
Cash Wheat Closes Firm—Provis-  
ions Make Gains

Chicago, Aug. 29.—Mixed sentiment  
among traders was apparent today and  
resulted in an unsettled corn market.  
The close was strong, quarter to ½  
higher with December 1.05½ and May  
1.05½ to 1.05¾. Oats gained ¼ to ½c.  
Strength of cash corn contributed firm-  
ness to the futures and buyers of corn  
were further influenced by word of  
government weather and crop report  
which was moderately bullish.  
Oats trade was not of impressive quan-  
tity, but the market held generally firm.  
Cash values held steady.  
Hog strength and a good demand were  
controlling elements which caused pro-  
vision prices to advance.

## GOOD ATTENDANCE AT WHITE HALL CHAUTAUQUA

Patriotic Program Next Sunday Will Close Program—Louis Lowerstein's Work Commended—Fred Rives Disposes of Dairy Business—Other White Hall Notes.

White Hall, Aug. 28.—The events of Chautauqua week are holding attention this week. The opening session last Sunday recorded an attendance of nearly 1,700, based on gate receipts. The Rawlins Concert Band of Roodhouse was a local attraction and gave promise of becoming a chautauqua organization if the prediction of President Ewert comes true. Mr. Ewert having the management of a number of old independent chautauquas aside from White Hall. Rabbi Leon Harrison of St. Louis was the opening speaker. The program will close next Sunday with a Patriotic Day, at which the speaker will be Roscoe C. Simmons of Louisville, Ky., the oratorical successor of the late Booker T. Washington. William Jennings Bryan will be here Saturday, and that day promises an enormous attendance. There are 57 camping tents on the ground, aside from the main tent and numerous concession, church and lodge tents.

**Lemon-Pinkerton Wedding.**  
The community learns with considerable delight of the wedding of Otis E. Lemon and Miss Grace B. Pinkerton, which was solemnized at Bowling Green, Mo., on the 9th inst. and just made public. The groom conducts a thriving auto repair shop in White Hall, and they are making their home with his parents, Mr. and Mrs. David Lemon. The bride is a daughter of R. B. Pinkerton of Berdan.

N. Hartman and family returned from Arkansas last week, and located at Berdan. Fred Rives has disposed of his dairy business, and this makes one less member of the White Hall-Jacksonville Cow Testing association in which Mr. Rives has taken an active

interest. He sold his dairy herd last week on Thursday. One cow with calf by side brought \$126.00.

**Wm. Hackney Dies in Kansas.**  
Will Hackney, a native of White Hall, died at Washington, Kans., on August 1st, aged 67 years. He was a son of Shannon Hackney, the family moving to Kansas from White Hall over this years ago. Will Hackney was connected with insane hospitals in Illinois and Kansas over twenty years, part of the time holding superintendencies.

Mr. and Mrs. C. A. Ruckel have returned from a tour in the east. Mr. Ruckel returns with the conviction that the hard coal famine will soon be relieved. He is much interested in the subject, as he conducts a large retail coal business in connection with his pottery works.

Ross and Cletus Reynolds, two enterprising young farmers of the Berdan neighborhood have added a gasoline tractor to their equipment. Mr. and Mrs. Eugene Sheward of St. Louis are among the numerous visitors this week. Mr. Sheward is one of the crack linotype men on the St. Louis Times.

Mr. and Mrs. S. W. Wade have gone to San Antonio, Texas, to remain during the winter and may decide to locate there permanently. Their daughter, Mrs. G. F. Todd and family are residents of San Antonio.

W. A. (Bill) Baldwin was in from Kansas City Saturday. He has been there for 25 years engaged in the live stock commission business, and is a very interesting and successful character. He is a brother of Judge F. E. Baldwin, who is now slated to become head solicitor for Swift and Co. at a salary of \$25,000 per year. Bill says it was a good thing for Frank that he was defeated for circuit judge of this district.

Anderson Jahn has been here from Colorado Springs for a few days. He says Mrs. Jahn is enjoying splendid health in Colorado.

**Letter from Congressman Rainey.**  
These columns have been quoting courage and to the fight you have on the crop situation in the Illinois bottoms to such an extent as to enlist congressional inquiry from Hon. H. T. Rainey, and an interesting ex-

change of correspondence between the congressman and Mr. Lowenstein resulted. Most of the correspondence has been published and the matter turned over to the agricultural department for the 1917 Year Book. The final chapter of the interesting correspondence is from Mr. Rainey as follows: "My Dear Mr. Lowenstein: I thank you sincerely for your letters with reference to the crop on the Hillview farm. I congratulate you upon the situation in that section and along the entire Illinois river which is largely due to your good judgment, courage and to the fight you have been making thru all these years."

The Army and Navy Register reports that President Wilson has withdrawn the nomination of H. D. Hamilton as a brigadier general, saying: "President Wilson on Thursday withdrew the name of Col. Henry DeWitt Hamilton of New York nominated to be a brigadier general in the National Army. Colonel Hamilton's name was protested in the senate committee on military affairs, the committee asking for his qualifications. Later it was intimated his name would be withdrawn because he has suffered injuries incapacitating him for service."

## MEMBERS OF AMERICAN BAR ASSOCIATION MEET

Many Questions Affecting Profession to Be Discussed at Annual Convention in Saratoga, N. Y.—Will Consider Proposed Laws.

Saratoga, N. Y., Aug. 29.—Conspicuous among the arriving visitors in Saratoga today were numerous men who bear on noble foreheads and furrowed faces the indelible marks of intellectuality, and whose thoughtful glances and positive speech betoken the trained and judicial temperament. These men form the advance guard of the large body of delegates who will be here during the next week or ten days in attendance on the annual meeting of the American Bar association and the sessions of several affiliated bodies. The gathering will be of a most distinguished character, including, as it will, many lawyers and jurists of wide reputation, men who have served their state and nation on the bench, in the cabinet, and as ambassadors to foreign powers, together with several eminent leaders of the legal profession from other countries. The series of gatherings was ushered in today with the opening of the annual National Conference of Commissioners on Uniform State Laws. The sessions of this meeting will continue until next Monday and will be devoted to the consideration of matters of vital interest to every phase of the complex citizenship of the United States. Tentative drafts of certain proposed uniform laws, including a flag law, a vital statistics act and a motor vehicle act, will be submitted for consideration at tomorrow's session. Other uniform laws to be submitted are those relating to business corporations, non-resident corporations and occupational diseases.

**Important Side Conferences.**  
The annual meeting of the American Institute of Criminal Law and Criminology will be another important side conference of the week. This meeting will be devoted to the discussion of many phases of crime and its punishment. Thomas L. Osborne, of New York, formerly warden of Sing Sing Prison, will address the Institute on "Common Sense in Prison Management", and there will be other speakers.

The sessions of the American Bar association will begin next Tuesday and continue for three days. Governmental control of private enterprises, interstate commerce regulations and the application of the laws of Prussia in Belgium will be subjects of important addresses at the meeting.

"Private Rights and Government Control" will be discussed in an address to be delivered at the opening session by George Southland, of Salt Lake City, president of the American Bar association. United States Senator Thomas W. Hardwick of Georgia, will deliver an address Tuesday evening on "The Interstate Commerce Clause of the United States Constitution."

Jacob Dickson, of Illinois, who was secretary of war in President Taft's cabinet, will preside at the sessions Wednesday, when reports will be made by committees on "uniform judicial procedure, judicial recall, courts of admiralty, compensation of Federal judiciary" and other questions affecting the judicial profession.

Charles E. Hughes of New York, is to be the chief speaker at the session Wednesday evening. Gaston de Leval, an eminent leader of the bar of Brussels, Belgium, will deliver an address Thursday afternoon on "Prussian Law as Applied in Belgium."

For the discussion of many questions affecting lawyers and the conduct of their profession, the association will be divided into sections. The annual dinner of the association will be held Thursday evening.

## WOODSON WATERMELON PICNIC A SUCCESS

Large Attendance in Spite of the Threatening Weather—List of the Awards in Athletic Events.

Woodson held its 21st annual watermelon picnic Wednesday. Despite threatening weather and counter attractions there was a large attendance and the event proved successful in every particular. The committee in charge was composed of P. J. Crotty, C. E. Butler, Charles Wild and J. J. McAllister. James Shelton acted as chairman of the day.

The address of welcome was delivered by the Rev. J. A. Oldham of Woodson. Mr. Oldham also introduced Hon. John J. Reeve of Jacksonville who delivered a splendid address. Mr. Reeve's subject dealt with the present world war. He has made a close study of conditions and his address was heard with interest. The committee greatly appreciated Mr. Reeve's kindness in being present for the occasion.

The athletic program and other events carried out was as follows:

## REUNION OF SHERMAN'S MEN.

Mansfield, O., Aug. 29.—The survivors of the Sherman Brigade, who won fame during the Civil war under the leadership of the celebrated General William T. Sherman held their fifty-first annual reunion here today. The city was in patriotic attire to welcome them. Only about seventy-five of the veterans of the famous brigade are still living, but the handful of survivors expresses the determination to hold their reunions as long as a single one is left.

Miss Bertha Dehman of East St. Louis is a visitor in the city.

## MARKHAM LADY HAS HOPES FOR FUTURE

Previous Aid Convinces Her Tanlac Will Give Permanent Relief

Among the hundreds of residents in Jacksonville and vicinity who are praising Tanlac, the celebrated new medicine, is Mrs. A. W. Marshall, wife of a prominent farmer residing at Markham, Ill., near here.

"I had suffered from rheumatism for a considerable period," Mrs. Marshall told the Tanlac Man on April 24. "The rheumatism settled in my limbs and was especially severe in my knees. My whole system seemed to be run down, too. I lacked ambition—just seemed like I wanted to sit down all the time. I was hardly able to do my own work."

"I read about Tanlac in the Jacksonville papers and finally decided to try the new medicine. It's certainly surprising the results I've obtained from one bottle of Tanlac. I really feel stronger in every way now. My rheumatism is rapidly improving and I'm sure a course of Tanlac will give me permanent and thorough relief. I'm glad to let my friends know of the benefits I've derived from Tanlac."

Tanlac is now being specially introduced and explained in Jacksonville at the East and West side stores of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis; in Pittsfield at J. H. Barber & Co.; in Loami at L. M. VanDoren's; in Davenport at E. G. Haug's; in Manchester at C. D. Chapman's; in Winchester at the City Drug Store.—Adv.

## COUNTY S. S. CONVENTION CLOSED WEDNESDAY

Two Days' Sessions at Concord Had Much of Profit—Officers Chosen for Ensuing Year.

The annual convention of the Morgan county Sunday school association which has been in session at Concord for the past two days, closed Wednesday afternoon. The program as scheduled was carried out except for an address by Rev. W. H. Peters who was unable to be present and Rev. Mr. McLaughlin gave a talk instead in addition to his regular place on the program.

The convention proved one of the best ever held by the association and the delegates were loud in their praises of the entertainment provided. The three Sunday schools of the M. P. M. E. and Christian churches of Concord worked as unit in the entertainment it was largely by this unity of purpose that made for success. M. O. Smith, president also deserves words of commendation for he has been working toward making the convention a memorable one ever since it was decided a year ago to hold it in Concord.

A committee of ladies from the three churches united in furnishing meals for the delegates. After figuring up the expense it was found that the sum of \$18.73 was on hand above all expenses. This the ladies donated to the association and the action was received with applause as it was the first time such action had been taken. The selection of the meeting place for 1918 was left with the executive committee.

The officers elected for the ensuing year are as follows:

President—W. H. Crum, Litterberry.

First vice president—Daniel Dietrick, Concord.

Second vice president—J. E. Undebink, Litterberry.

Third vice president—J. L. Wyatt, Murrayville.

Fourth vice president—Rev. W. E. Keenan, Franklin.

Secretary—Carl H. Weber, Jacksonville.

Treasurer—T. M. Tomlinson, of Jacksonville.

Member Finance committee—Rev. C. G. Cantrell, Concord.

Executive committee—Arthur Swain, Sinclair, S. H. Crum, Litterberry, J. K. Cunningham, Murrayville.

Supt. Teachers Training—Miss Anna Laws, Waverly.

Supt. Adult Department—C. L. DePew, Jacksonville.

Temperance—Rev. W. E. Spooner, Jacksonville.

Missionary Supt.—Mrs. Charles Hopper, Jacksonville.

Supt. Elementary department—Mrs. A. P. Vasconcellos, Jacksonville.

Mr. and Mrs. Robert Rook of the south part of the county were arrivals in the city in their Overland car yesterday.

don't gamble

with the prosperity of your community on the long chance of making a few dollars yourself. Don't send away for merchandise which you may be able to buy a few cents cheaper than the home merchant can sell to you.

Leaving all sentimental reasons aside—town loyalty, local pride, and so forth—it's bad business for you to spend your money outside the community in which you live. Because every cent you spend away from home makes the community that much poorer. Land values go down; streets, schools and churches grow steadily worse—you yourself in time will feel the pinch of it. And your children will feel it, too, only more than you.

Don't try to save a few cents now, and run the risk of losing a whole lot later on.

Trade with the merchants in your own community. The more you buy from them, the better can they serve you. Buy your groceries from your local grocer.

Many grocers throughout central Illinois have been selling BUNNY BRAND Pure Food Products for years. BUNNY BRAND groceries are extra standard—as good as any in their line. They are always good, year after year. They yield the grocer a fair, equitable profit. They will please you. The house that stands back of BUNNY goods stands back of the local grocer.
